Mr. C. M. Cariapa, Chief Electrical Engineer, attains the age of superannuation on 15th February 1936 and under orders already passed, he is to retire from service from the date of superannuation. He has applied for the grant of the maximum amount of leave admissible to him, prior to retirement. Under the standing orders now in force, leave up to three months only can be given, except on medical certificate or other unavoidable causes. It is proposed to grant him three months' leave from date of relief.

Mr. F. N. Mowdawalla, Principal, Engineering College (now on leave), is the officer who, under the terms of his employment in the State Service, is to succeed Mr. Cariapa as Chief Electrical Engineer. He is due to return from leave on 1st January 1936.

The question of permitting Mr. Cariapa to proceed on leave preparatory to retirement and the posting of Mr. Mowdawalla on the expiry of this leave, was considered in Council on the 20th December 1935 when the following resolution was recorded:-

Mr. Cariappa has already been promised three months' leave from the date of relief by Mr. Mowdawalla. It is however to be pointed out that under Article 147 M.S.R. the leave should have been availed of before the date of superannuation, viz., 15th February 1936. Three months' leave from 15th January 1936 has therefore to be sanctioned as a special case. These words as a special case may be added in the communication to the Comptroller.

During the period of leave, only officiating arrangements are admissible under the ordinary rules. As it is desirable to adhere to the prescribed rules as far as possible and as the officiating arrangements do not appear to affect the interests of any officer, I would state that, if there is no special reason for the deviation from the prescribed rules, Mr. Mowdawalla may be treated as officiating Chief Electrical Engineer during the period of leave and confirmed from the date of retirement of Mr. Cariappa.
